PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in building full-stack applications using Next.js, React, and MERN stack. Skilled in authentication, APIs, and real-time systems (SSE/WebSockets). Passionate about creating scalable, user-focused products and eager to contribute to modern development teams.

EDUCATION

BS Computer Science   May 2025
University of Sahiwal, Sahiwal

Related Coursework: Web Development, Artificial Intelligence, Object Oriented Programming, Operating System, Data Structure and Algorithms

---

EXPERIENCE

React Frontend Developer   📍 Sahiwal, Punjab
SYSFOC Sahiwal   (June 2025 - Aug 2025)

- Built responsive web apps using React.js, TypeScript, and Tailwind CSS.
- Optimized performance and state management with Redux and reusable components.
- Worked along with team of developers to gain working knowledge.

Junior MERN Stack Developer   📍 Lahore, Punjab
Axis Cyber Technologies, Lahore   (Sept 2025 - Present)

- Maintained production-level web applications using MERN stack.
- Implemented authentication, API integrations, and dashboard features.
- Collaborated with cross-functional teams for bug fixes, and performance optimization.

PERSONAL PROJECTS

- **AI-Powered Medical & Healthcare App – Full Stack (Next.js, JWT, SSE, TypeScript, Prisma)**
    - Integrated LLM-powered chatbot for healthcare Q&A with custom Chat System
    - Implemented authentication with roles (admin, user, doctor) + Dashboards
    - Enabled secure medical report uploads and streaming responses via SSE

    🔗 https://ai-medical-healthcare-afxk.vercel.app/

- **Fast Food Online Store – Frontend Only (React.js, Node.js, MongoDB, JavaScript, BootStrap)**
    - Developed a responsive burger ordering UI using React and Bootstrap
    - Role based Authentication with JWT cookie authentication
